PART III — NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

KaloBios Pharmaceuticals, Inc. (the “Company”) is filing this Notification of Late Filing on Form 12b-25 with respect to its Quarterly Report on Form 10-Q for the period ended June 30, 2016 (the “Quarterly Report”). The Company is unable to file its Quarterly Report within the prescribed time period or within the five day extension period permitted by the applicable rules of the Securities and Exchange Commission without unreasonable effort and expense.

As previously disclosed, on December 29, 2015, the Company filed a voluntary petition for bankruptcy protection under Chapter 11 of Title 11 of the United States Bankruptcy Code (the “Bankruptcy Code”). The filing was made in the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”) (Case No. 15-12628 (LSS)). In addition, as previously disclosed, on June 16, 2016, the Bankruptcy Court entered an order (the “Confirmation Order”) confirming the Company’s Second Amended Plan of Reorganization, dated May 9, 2016 (as amended, the “Plan”). During most of the period ended June 30, 2016, the Company operated its business as debtor in possession pursuant to sections 1107(a) and 1108 of the Bankruptcy Code. On June 30, 2016 (the “Effective Date”), the Plan became effective and the Company emerged from its Chapter 11 bankruptcy proceedings.

In connection with the Company’s bankruptcy proceedings, the Company embarked on a reorganization program and, as previously disclosed, entered into a Debtor in Possession Credit and Security Agreement and a Securities Purchase Agreement in respect of bankruptcy exit financing and consummated the bankruptcy exit filing. The Company has also dedicated its limited resources to, among other things, negotiating with those parties with interests in the bankruptcy proceedings, satisfying its obligations with the Bankruptcy Court and those parties with interests in the bankruptcy proceedings and, as authorized by the Plan and the Confirmation Order, entering into an Agreement for the Manufacture, Development and Commercialization of Benznidazole for Human Use (the “MDC Agreement”). The Company’s reorganization program and efforts to enter into the MDC Agreement placed enormous strain on its limited human and financial resources. As a result, the Company has been unable to dedicate financial and human resources to the preparation of the Quarterly Report and has determined that it is unable to timely file its Quarterly Report without unreasonable effort or expense.

PART IV — OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

Dr. Cameron Durrant	650	243-3100
(Name)	(Area Code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

The Company has not filed its Form 10-Q for the period ended September 30, 2015, its Form 10-K for the period ended December 31, 2015, or its Form 10-Q for the period ended March 31, 2016.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company's financial statements for the quarterly period ended June 30, 2016 have not been completed because a substantial amount of time and effort of the Company's financial and accounting staff has and continues to be dedicated to the bankruptcy proceedings and related matters. However, the Company expects that its results of operations for the quarterly period ended June 30, 2016 will reflect a significant change compared with the Company's results of operations for the corresponding period for the last fiscal year. During 2015, the Company's results of operations were impacted by (i) a pause in enrollment in the Phase 2 cohort expansion phase of its ongoing clinical study of lenzilumab in certain hematologic malignancies, (ii) a large reduction in the Company's workforce in connection with a plan to reduce operating costs, and (iii) disruptions in the management and operations of the Company resulting from the arrest of the Company's former Chairman and Chief Executive Officer. In addition, during the first half of 2016, the Company's results of operations were impacted by the bankruptcy proceedings and its operation as a debtor-in-possession and the Company's entrance into and payments under the MDC Agreement.
